

Chapter 1 ***God's Good World***

God saw how good it was. *Genesis 1:12*

**To the Parents:**

In chapter 1 your child learned the following:

- To name some of the good things he or she does
- To name some of the beings God created
- To thank God for the gift of creation

Human beings, God's ultimate creation, are made in God's image and thus are called to holiness by the example of Jesus. Because of this, the sacredness and uniqueness of all human persons are to be respected and valued.

An appreciation of God's creation demands a response in praise and thanksgiving as a keen awareness of the need to care for the world and all that is in it.

**With Your Child:**

1. Make a badge that says, "You Are Good!" Give it to a family member.
2. Go for a walk with your family. Look for the good things that God made. Make a list of what you find.
3. Read the story of Noah on the Review and Explore page.
